

Respiratory protective devices — Light duty construction compressed air line breathing apparatus incorporating a full face mask, half mask or quarter mask — Requirements, testing, marking

The European Standard EN 12419:1999 has the status of a British Standard

ICS 13.340.30

This British Standard is the English language version of EN 12419:1999.

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

Cross-references

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.
