

BSI Standards Publication

**Safety and control devices for
gas burners and gas burning
appliances — Automatic
shut-off valves for operating
pressure of above 500 kPa up
to and including 6 300 kPa**

National foreword

This British Standard is the UK implementation of EN 16678:2015.

The UK participation in its preparation was entrusted to Technical Committee GSE/22, Safety and control devices for gas and oil burners and gas burning appliances.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
