

BSI Standards Publication

Determination of the strength of infill supports - Test method and requirements

National foreword

This British Standard is the UK implementation of EN 17146:2018.

The UK participation in its preparation was entrusted to Technical Committee B/538/1, Windows and doors.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
