

BSI Standards Publication

**Aerospace series - Bush, flanged, corrosion
resisting steel, with self-lubricating
liner - Dimensions and loads**

National foreword

This British Standard is the UK implementation of EN 2288:2019. It supersedes BS EN 2288:1990, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ACE/12, Aerospace fasteners and fastening systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
