

Non-destructive testing — Ultrasonic examination

Part 6 — Time-of-flight diffraction technique as a method for detection and sizing of discontinuities

ICS 19.100

National foreword

This British Standard is the UK implementation of EN 583-6:2008. It supersedes BS 7706:1993 and DD ENV 583-6:2000 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee WEE/46, Non-destructive testing.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 March 2009
