Solderless connections

Part 7: Spring clamp connections — General requirements,
test methods and practical guidance

National foreword

This British Standard is the UK implementation of EN IEC 60352-7:2021. It is identical to IEC 60352-7:2020. It supersedes BS EN 60352-7:2002, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
