Connectors for electrical and electronic equipment — Tests and measurements

Part 28-100: Signal integrity tests up to 2 000 MHz — Tests 28a to 28g

National foreword

This British Standard is the UK implementation of EN IEC 60512-28-100:2019. It supersedes BS EN 60512-28-100:2013, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
