Optical fibre cables

Part 1-215: Generic specification — Basic optical cable test procedures —
Environmental test methods — Cable external freezing test, Method F15

National foreword

This British Standard is the UK implementation of EN IEC 60794-1-215:2020. It is identical to IEC 60794-1-215:2020.

The UK participation in its preparation was entrusted to Technical Committee GEL/86/1, Optical fibres and cables.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
