Connectors for electrical and electronic equipment — Product requirements

Part 3-123: Rectangular connectors — Detail specification for hybrid connectors for industrial environments, for power supply and fibre optic data transmission, with push-pull locking

National foreword

This British Standard is the UK implementation of EN IEC 61076-3-123:2019. It is identical to IEC 61076-3-123:2019.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
