Superconductivity

Part 23: Residual resistance ratio measurement – Residual resistance ratio of Nb superconductors (IEC 61788-23:2018)

National foreword

This British Standard is the UK implementation of EN IEC 61788-23:2018. It is identical to IEC 61788-23:2018.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Super Conductivity.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
