Superconductivity

Part 26: Critical current measurement — DC critical current
of RE-Ba-Cu-O composite superconductors

National foreword

This British Standard is the UK implementation of EN IEC 61788-26:2020. It is identical to IEC 61788-26:2020.

The UK participation in its preparation was entrusted to Technical Committee L/-/90, Super Conductivity.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
