Industrial-process measurement and control - Data structures and elements in process equipment catalogues

Part 92: Lists of properties (LOP) of measuring equipment for electronic data exchange - Aspect LOPs

National foreword

This British Standard is the UK implementation of EN IEC 61987-92:2018. It is identical to IEC 61987-92:2018.

The UK participation in its preparation was entrusted to Technical Committee GEL/65/3, Industrial communications: process measurement and control, including fieldbus.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
