

BSI Standards Publication

## **Mechanical structures for electrical and electronic equipment - Thermal management for cabinets in accordance with IEC 60297 and IEC 60917 series**

---

Part 2: Method for the determination of forced air cooling structure

## National foreword

This British Standard is the UK implementation of EN IEC 62610-2:2018. It is identical to IEC 62610-2:2018.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
