

BSI Standards Publication

**Health informatics —
Identification of medicinal
products — Data elements
and structures for the unique
identification and exchange
of regulated information on
pharmaceutical dose forms,
units of presentation, routes of
administration and packaging**

National foreword

This British Standard is the UK implementation of EN ISO 11239:2012.

The UK participation in its preparation was entrusted to Technical Committee IST/35, Health informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
