

# Walking aids manipulated by one arm — Requirements and test methods —

## Part 1: Elbow crutches

The European Standard EN ISO 11334-1:1997 has the status of a British Standard

ICS 11.180

# Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/38, Walking aids, upon which the following bodies were represented:

- British Investment Casting Trade Association
- British Medical Association
- British Surgical Trades Association
- Chartered Society of Physiotherapy
- College of Occupational Therapists
- Consumer Policy Committee of BSI
- Department of Health
- Disabled Living Foundation
- Disablement Services Authority
- Institution of Physics and Engineering in Medicine and Biology
- Royal College of Nursing

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 April 1997
