

BS EN ISO 11354-1:2011

BSI Standards Publication

Advanced automation technologies and their applications — Requirements for establishing manufacturing enterprise process interoperability

Part 1: Framework for enterprise interoperability (ISO 11354-1:2011)

National foreword

This British Standard is the UK implementation of EN ISO 11354-1:2011.

The UK participation in its preparation was entrusted to Technical Committee AMT/5, Industrial architectures and integration frameworks.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
