

BSI Standards Publication

Health informatics — Identification of medicinal products — Data elements and structures for unique identification and exchange of regulated pharmaceutical product information

National foreword

This British Standard is the UK implementation of EN ISO 11616:2017. It is identical to ISO 11616:2017. It supersedes BS EN ISO 11616:2012, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/35, Health informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
