Acoustics — Recommended practice for the design of lownoise workplaces containing machinery

Part 2: Noise control measures

National foreword

This British Standard is the UK implementation of EN ISO 11690-2:2020. It is identical to ISO 11690-2:2020. It supersedes BS EN ISO 11690-2:1997, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee EH/1/4, Machinery noise.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
