comparison method
(ISO 120:1977)**

ICS 83.140.99

Foreword

This British Standard is technically identical to International Standard ISO 120:1977 *Plastics — Phenol-formaldehyde mouldings — Determination of free ammonia and ammonium compounds — Colorimetric method*.

In 1998 the European Committee for Standardization (CEN) accepted ISO 120:1977 as European Standard EN ISO 120:1998.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, the EN ISO title page, pages 2 to 4, an inside back cover and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
