

Clothing for protection against heat and flame — Determination of contact heat transmission through protective clothing or constituent materials —

**Part 2: Test method using contact heat
produced by dropping small cylinders**

ICS 13.340.10

National foreword

This British Standard is the UK implementation of EN ISO 12127-2:2007.

The UK participation in its preparation was entrusted by Technical Committee PH/3, Protective clothing, to Subcommittee PH/3/2, Clothing for protection against heat and flame.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 May 2008
