Small craft - Hull construction and scantlings

Part 7: Determination of loads for multihulls and of
their local scantlings using ISO 12215-5

National foreword

This British Standard is the UK implementation of EN ISO 12215-7:2020. It is identical to ISO 12215-7:2020.

The UK participation in its preparation was entrusted to Technical Committee GME/33, Small craft.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
