

BSI Standards Publication

Tissue paper and tissue products

Part 15: Determination of optical properties
— Measurement of brightness and colour
with C/2° (indoor daylight) illuminant

National foreword

This British Standard is the UK implementation of EN ISO 12625-15:2015.

The UK participation in its preparation was entrusted to Technical Committee PAI/11, Methods of test for paper, board and pulps.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
