

Surgical and dental hand instruments — Determination of resistance against autoclaving, corrosion and thermal exposure

The European Standard EN ISO 13402:2000 has the status of a British Standard

ICS 11.040.30; 11.060.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee CH/43, Surgical instruments, upon which the following bodies were represented:

- British Iron and Steel Producers Association
- British Surgical Trades Association
- Department of Health
- Institute of Sterile Services Management
- Medical Sterile Products Association
- National Association of Theatre Nurses
- Royal College of Nursing
- Royal College of Surgeons of Edinburgh
- Royal College of Surgeons of England

This British Standard, having been prepared under the direction of the Health and Environment Sector Board, was published under the authority of the Standards Board and comes into effect on 15 March 1997
