Health informatics - Electronic health record communication

Part 2: Archetype interchange specification

National foreword

This British Standard is the UK implementation of EN ISO 13606-2:2019. It supersedes BS EN 13606-2:2007, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee IST/35, Health informatics.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
