

Safety of machinery — Risk assessment —

Part 1: Principles

The European Standard EN ISO 14121-1:2007 has the status of a British Standard

ICS 13.110

National foreword

This British Standard is the UK implementation of EN ISO 14121-1:2007. It supersedes BS EN 1050:1997 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee MCE/3, Safeguarding of machinery.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 28 September 2007
