

BSI Standards Publication

Acceptance tests for CO₂-laser beam machines for high quality welding and cutting

Part 4: Machines with 2-D moving optics

National foreword

This British Standard is the UK implementation of EN ISO 15616-4:2021. It is identical to ISO 15616-4:2008.

The UK participation in its preparation was entrusted to Technical Committee WEE/36, Qualification of welding personnel and welding procedures.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
