

Resistance welding — Welding current measurement for resistance welding —

Part 2: Welding current meter with current sensing coil

The European Standard EN ISO 17657-2:2007 has the status of a British Standard

ICS 25.160.10

National foreword

This British Standard is the UK implementation of EN ISO 17657-2:2007. It is identical with ISO 17657-2:2005.

The UK participation in its preparation was entrusted to Technical Committee WEE/29, Resistance welding.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 17 January 2006
