

BS EN ISO 17892-5:2017

BSI Standards Publication

Geotechnical investigation and testing — Laboratory testing of soil

Part 5: Incremental loading oedometer test
(ISO 17892-5:2017)

National foreword

This British Standard is the UK implementation of EN ISO 17892-5:2017. It partially supersedes BS 1377-5:1990, specifically subclause 3.

The UK participation in its preparation was entrusted by Technical Committee B/525, Building and civil engineering structures, to Subcommittee B/526/3, Site investigation and ground testing.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
