

BS EN ISO 2106:2011

BSI Standards Publication

Anodizing of aluminium and its alloys — Determination of mass per unit area (surface density) of anodic oxidation coatings — Gravimetric method (ISO 2106:2011)

National foreword

This British Standard is the UK implementation of EN ISO 2106:2011. It supersedes BS EN 12373-2:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee STI/32, Anodic oxidation coatings on aluminium.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
