

Paints and varnishes — Evaluation of defects on coated surfaces using optical imaging

**Part 4: Evaluation of filiform corrosion
(ISO 21227-4:2008)**

ICS 87.040

National foreword

This British Standard is the UK implementation of EN ISO 21227-4:2008.

The UK participation in its preparation was entrusted to Technical Committee STI/10, Test methods for paints.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2008
