

BSI Standards Publication

Non-destructive testing — Standard test method for determining residual stresses by neutron diffraction

National foreword

This British Standard is the UK implementation of EN ISO 21432:2020. It is identical to ISO 21432:2019. It supersedes DD CEN ISO/TS 21432:2005 and BS ISO 21432:2019, which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee WEE/46/5, Radiographic Testing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
