Textiles — Determination of fabric deformability by forced mechanical distension

National foreword

This British Standard is the UK implementation of EN ISO 21765:2021. It is identical to ISO 21765:2020.

The UK participation in its preparation was entrusted to Technical Committee TCI/100, Co-ordination of activities in textiles and clothing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
