**Sharps injury protection
— Requirements and
test methods —
Sharps protection features
for single-use hypodermic
needles, introducers for
catheters and needles
used for blood sampling
(ISO 23908:2011)**

National foreword

This British Standard is the UK implementation of EN ISO 23908:2013. It is identical to ISO 23908:2011. It supersedes BS EN ISO 23908:2011, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/84, Catheters and syringes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
