**Sterilization of medical devices
— Low temperature steam and
formaldehyde — Requirements
for development, validation
and routine control of a
sterilization process for medical
devices (ISO 25424:2009)**

National foreword

This British Standard is the UK implementation of EN ISO 25424:2011. It is identical to ISO 25424:2009. It supersedes BS EN 15424:2007 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/198, Sterilization of medical devices.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
