The European Standard EN ISO 2554:1998 has the status of a British Standard

ICS 83.080.10

National foreword

This part of BS EN ISO 2554 has been prepared by Technical Committee PRI/21 and is the English language version of EN ISO 2554:1998 *Plastics — Unsaturated polyester resins — Determination of hydroxyl value*, published by the European Committee for Standardization.

The UK participation in its preparation was entrusted to Technical Committee PRI/21, Testing of plastics, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or using the “Find” facility of the BSI Standards Electronic Catalogue. A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
