

Hardmetals — Determination of total carbon — Gravimetric method (ISO 3907:2009)

ICS 77.160

National foreword

This British Standard is the UK implementation of EN ISO 3907:2009. It supersedes BS EN 23907:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/65, Sintered metal components.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 30 November 2009.
