

BSI Standards Publication

Measurement of fluid flow by means of pressure differential devices inserted in circular cross-section conduits running full

Part 6: Wedge meters

National foreword

This British Standard is the UK implementation of EN ISO 5167-6:2019. It is identical to ISO 5167-6:2019.

The UK participation in its preparation was entrusted to Technical Committee CPI/30/2, Differential pressure methods.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
