Energy performance of buildings — Indicators for partial EPB requirements related to thermal energy balance and fabric features

Part 1: Overview of options

National foreword

This British Standard is the UK implementation of EN ISO 52018-1:2017.

The UK participation in its preparation was entrusted to Technical Committee B/540/2, Building performance - Moisture.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
