

BSI Standards Publication

Soil, treated biowaste, sludge and waste — Digestion of aqua regia soluble fractions of elements

National foreword

This British Standard is the UK implementation of EN ISO 54321:2021. It is identical to ISO 54321:2020.

The UK participation in its preparation was entrusted to Technical Committee EH/4, Soil quality.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
