

BSI Standards Publication

Resistance spot welding — Electrode adaptors, female taper 1:10

National foreword

This British Standard is the UK implementation of EN ISO 5829:2021. It is identical to ISO 5829:1984.

The UK participation in its preparation was entrusted to Technical Committee WEE/29, Resistance welding.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
