Medical electrical equipment

Part 2-67: Particular requirements for basic safety and essential performance of oxygen-conserving equipment

National foreword

This British Standard is the UK implementation of EN ISO 80601-2-67:2020. It is identical to ISO 80601-2-67:2020. It supersedes BS EN ISO 18779:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee CH/121, Anaesthetic and respiratory equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
