

BSI Standards Publication

Flexible cellular polymeric materials - Determination of resilience by ball rebound

National foreword

This British Standard is the UK implementation of EN ISO 8307:2018. It is identical to [ISO 8307:2018](#). It supersedes [BS EN ISO 8307:2007](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/24, Testing of rigid and flexible cellular materials.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
