

Hand-held portable power tools — Measurement of vibrations at the handle —

Part 9: Rammers

The European Standard EN ISO 8662-9:1996 has the status of a British Standard

ICS 13.160

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GME/21, Mechanical vibration and shock, upon which the following bodies were represented:

- Federation of Civil Engineering Contractors
- Imperial College of Science and Technology
- Institute of Sound and Vibration Research
- Institution of Mechanical Engineers
- Lloyd’s Register of Shipping
- Ministry of Defence
- Open University
- Power Generation Contractors’ Association (PGCA (BEAMA Ltd.))
- Railway Industry Association
- Society of British Aerospace Companies Limited
- Society of Environmental Engineers

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Agricultural Engineers Association
- British Compressed Air Society
- British Gas plc
- British Hydraulic Tool Manufacturers’ Association
- British Industrial Truck Association
- British Occupational Hygiene Society
- British Railways Board
- Forestry Commission
- Health and Safety Executive
- Institute of Explosives Engineers
- Institute of Naval Medicine
- Institution of Electrical Engineers
- Portable Electric Tool Manufacturers’ Association
- University of Salford

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 March 1997
