

Conformity assessment — General requirements for third-party marks of conformity

ICS 03.120.20

National foreword

This British Standard is the UK implementation of EN ISO/IEC 17030:2009. It is identical to ISO/IEC 17030:2003.

BS EN ISO/IEC 17030:2009 is technically identical to ISO/IEC 17030:2003 which is currently under review by ISO/IEC. The UK national committee is seeking a revision of clause 5.4, where different requirements are given regarding the use of marks of conformity for products and services, not taking into account the definition of ‘product’ as including ‘service’. Due to the ISO/IEC core standard being published in 2003, note that many of the bibliographic references have now been replaced by different ISO/IEC documents.

The UK participation in its preparation was entrusted to Technical Committee CAS/1, Conformity assessment.

A list of organizations represented on this committee can be obtained on request to its secretary.
