Electric cables - Calculation of the current rating

Part 2-3: Thermal resistance - Cables installed in ventilated tunnels

National foreword

This British Standard is the UK implementation of IEC 60287-2-3:2017.

The UK participation in its preparation was entrusted to Technical Committee GEL/20/16, Electric Cables - Medium/high voltage.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
