## Low-voltage surge protective devices

---

Part 32: Surge protective devices connected to the d.c. side of photovoltaic installations - Selection and application principles

## National foreword

This British Standard is the UK implementation of IEC 61643-32:2017.

The UK participation in its preparation was entrusted to Technical Committee PEL/37/1, Surge Arresters - Low Voltage.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
