Connectors for electrical and electronic equipment

Part 7: Detail specification for up to 7 ways including PE or FE (data/power) and shield pin, free and fixed circular connectors for balanced single-pair data transmission with current-carrying capacity — Mechanical mating information, pin assignment and additional requirements for type 7

National foreword

This British Standard is the UK implementation of IEC 63171-7:2023.

The UK participation in its preparation was entrusted to Technical Committee EPL/48, Electromechanical components and mechanical structures for electronic equipment.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations
