

**BSI Standards Publication**

# **Coal — Methods for evaluating flocculants for use in coal preparation**

---

Part 1: Basic parameters

## National foreword

This British Standard is the UK implementation of ISO 10086-1:2019.

The UK participation in its preparation was entrusted to Technical Committee PTI/16, Solid mineral fuels.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
