BSI Standards Publication

Mechanical vibration — Evaluation of machine vibration by measurements on non-rotating parts

Part 21: Horizontal axis wind turbines with
gearbox

bsi.

...making excellence a habit.™

National foreword

This British Standard is the UK implementation of ISO 10816-21:2015.

The UK participation in its preparation was entrusted to Technical Committee GME/21/5, Mechanical vibration, shock and condition monitoring - Vibration of machines.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
