

BS ISO 11221:2011

BSI Standards Publication

Space systems — Space solar panels — Spacecraft charging induced electrostatic discharge test methods

National foreword

This British Standard is the UK implementation of ISO 11221:2011.

The UK participation in its preparation was entrusted to Technical Committee ACE/68/-/1, Space systems and operations - Design, Engineering and Production.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
